Year 2 maths: Adding two-digit numbers (Easy)

Maths · Number
Level: Easy

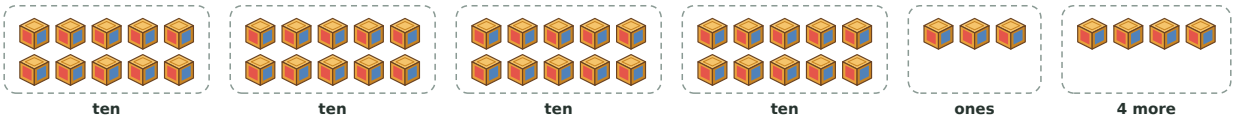

Student: _____ Date: _____

Instructions
- There are 10 questions. Read each one carefully.
- Write your answers on this paper. Use the space under a question to work it out.
- A grown-up can read a question aloud — that's fine.
- The answers are at the end. Check them together when you have finished.

Questions

1. There are 43 blocks. Then 4 more are added. How many blocks altogether?

Answer: ☐ blocks

Working:

2. 62 + 3 = ?

Circle one answer.

○ **A** 65 ○ **B** 64 ○ **C** 11 ○ **D** 92

3. 6 + 81 = ?

Answer: ☐

Working:

4. 50 + 7 = ?

Answer: ☐

Working:

5. Aria picked two baskets of plums. The first had 14 plums and the second had 11. How many plums altogether?

Answer: ☐ plums

Working:

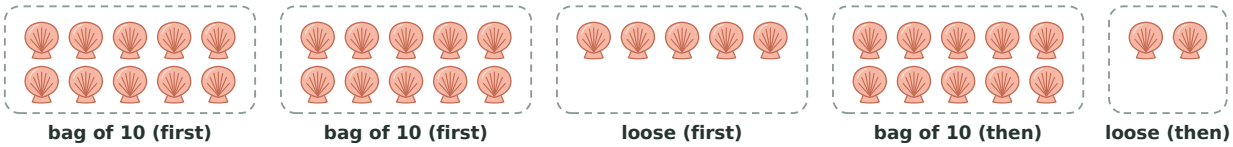

6. Tim sharpened 13 pencils and 11 crayons. How many did he sharpen?

Answer: ☐

Working:

7. Shells come in bags of 10. Work out the total: 2 bags and 5 loose shells, then 1 more bag and 2 loose shells.

Answer: ☐

bag of 10 (first) | bag of 10 (first) | loose (first) | bag of 10 (then) | loose (then)

Working:

8. Leaves are tied in bundles of 10. Tom has 1 bundle and 6 loose leaves. He finds 2 more bundles and 3 loose leaves. How many leaves now?

Answer: ☐ leaves

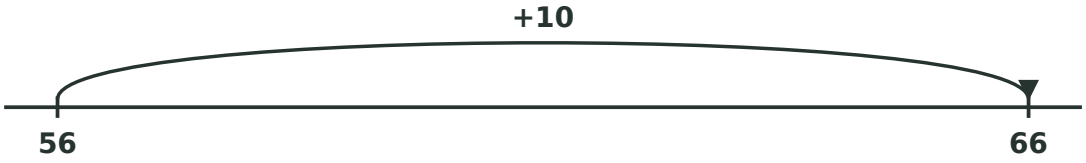

bundle of 10 (Tom) | loose (Tom) | bundle of 10 (found) | bundle of 10 (found) | loose (found)

Working:

9. Which number sentence does the jump show?

Circle one answer.

○ **A** 56 + 10 = 66 ○ **B** 46 + 10 = 56 ○ **C** 66 + 10 = 76

10. The jump goes from 61 to 71. 61 + ? = 71. How big is the jump?

Answer: ____

61 , **71**

Working:

Answer key

Year 2 maths: Adding two-digit numbers (Easy) · Sheet 699388

1. 47 blocks

43 is 4 tens and 3 ones. 3 ones and 4 more ones make 7 ones. 4 tens and 7 ones is 47.

2. A — 65

Add the ones: 2 + 3 = 5. The 6 tens stay the same, so 62 + 3 = 65.

3. 87

Start with 81 and add 6 ones: 1 + 6 = 7. So 6 + 81 = 87.

4. 57

50 is 5 tens and 7 is 7 ones. 5 tens and 7 ones is 57.

5. 25 plums

14 + 11: 1 ten and 1 ten make 2 tens; 4 and 1 make 5. 25 plums.

6. 24

13 + 11: 2 tens and 4 ones = 24.

7. 37

Tens: 2 bags and 1 bag make 3 tens. Ones: 5 + 2 = 7. 3 tens and 7 ones is 37.

8. 39 leaves

Tens: 1 + 2 = 3 tens (30). Ones: 6 + 3 = 9. 30 + 9 = 39 leaves.

9. A — 56 + 10 = 66

The jump starts on 56, adds 10 and lands on 66. So 56 + 10 = 66.

10. 10

From 61 to 71 the tens go up by 1 and the ones stay the same. That is a jump of 10.
